The **FLEXTRAL**[®] System

Flextral offers a diversified line of SAE and ISO compliant hose and fitting products. Our extensive distributor network ensures product availability and efficient delivery with short lead times. Flextral's crimping equipment is engineered for safety, durability and ease of operation. The Flextral system covers every aspect of the hose assembly process, so you can count on being comfortable and confident when using any product that carries the Flextral brand name.

A Diversified Product Line

Flextral products are used in a wide variety of industries including agriculture, transportation, construction, chemical, petroleum, manufacturing, pressure washing, welding, mining, forestry, food processing, material handling, and many others. Our line includes products for specialized applications, USCG approved hoses, hoses with high abrasion resistant outer covers, non-conductive hoses, and a vast array of fittings and adapters - including metric configurations. We strive to be the only hose and fitting manufacturer you need.

Quality that Meets or Exceeds Industry Standards

All Flextral products are exposed to the most rigorous testing procedures, including thorough analysis in our State-Of-The-Art Engineering Center. We continuously analyze the quality of our products using proof and burst tests, abrasion tests, and design-match-quality processes. Flextral products are engineered to meet or exceed the standards set by SAE, ISO, JIS, DIN, MSHA and ASTM. We believe our long term success depends on premium quality products that stand the test of time.

Available Inventory

Flextral's rapidly expanding network of distributors stretches across the U.S., Canada and Mexico. Three strategically located master distributors share inventory in order to keep parts readily available throughout North America. We are firmly committed to maintaining a dependable and efficient supply chain.

Crimping Equipment

Flextral crimping equipment is designed to meet four objectives: ease-of-use, durability, productivity and safety. Our equipment is specifically engineered for use with our proprietary line of hose and fittings. Flextral offers a wide range of machines, from our super lightweight portable crimpers to our 4" capacity industrial/hydraulic combination crimper. We are committed to providing the crimping equipment that allows you to easily assemble top quality hoses.

State-of-the-

FX-P PORTABLE

FX-P1 - Supplied with a 1 H.P. 110 V electric pump.

FX-PA - Supplied with a 10,000 PSI air pump.

FX-PH - Supplied with a 10,000 PSI hand pump.

Dies & Spacer Rings:

The **FX-P** requires **FX17** Series crimp dies and spacer rings.

Capacity:

3/4" 2-Spiral

Size: 13.5" W, 14" D, 20" H

Weight: Approx. 50 lbs.

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.

FX21

FX21-1 - Press and pump assembly with a 1 H.P. 110V electric pump.

FX21-2 - Press and pump assembly with a 2 H.P. 220V electric pump.

Dies & Spacer Rings:

The **FX21** requires **FX21** Series crimp dies and spacer rings.

Capacity:

1 1/4" 6-Spiral

Size: 16" W, 32" D, 33" H

Weight: Approx. 290 lbs.

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.

FX21FB FAT BOY

FX21FBE-1 - Supplied with a 1 H.P. 110V electric pump.

FX21FBA - Supplied with a 10,000 PSI air pump.

FX21FBH - Supplied with a 10,000 PSI hand pump.

Dies & Spacer Rings:

The **FX21FB** requires **FX21** Series crimp dies and spacer rings.

Capacity:

1 1/4" 6-Spiral

Size: 15.5" W, 14" D, 20" H

Weight: Approx. 112 lbs.

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.

Art Crimping

FX41 THE BOSS

FX41CC
CRIMPING CENTER

FX41 - Press and pump assembly with a 3 H.P. 220V 3 phase/1 phase electric pump.

Dies & Spacer Rings:

Requires **FX41** / **FX21** crimp dies and spacer rings.

Capacity:

2" 6-Spiral

Size: 16" W, 35" D, 33.5" H

Weight: Approx. 390 lbs.

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.

FX400

220V 3 phase 5 H.P. electric pump (Standard)
Also available with single phase and 440V 3 Phase
Master Die I.D. (Standard): 145mm
Crimping Force: 265 Ton

Standard dies included: 12mm, 14mm, 16mm, 19mm, 22mm, 26mm, 30mm, 34mm, 39mm, 45mm, 51mm, 57mm, 63mm, 69mm, 74mm, 84mm, 92mm and 145/99mm adapter dies. Additional 99mm die series available in bore sizes: 7mm – 78mm

Capacity:

Max Hose Diameter (2 Wire): 2"

Max Hose Diameter (4 Wire): 2"

Max Hose Diameter (6 Wire): 2"

Max Industrial Hose Diameter: 4"

Max Die Opening (Die Size plus): 60mm

Max Die Opening w/o Dies: 182mm

Size: 29" W, 20" D, 32" H

Weight: Approx. 579 lbs.

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.

Equipment &

FX17LWP

LIGHTWEIGHT PORTABLE

FX17LWP-E - Supplied with a 1 H.P. 110V electric pump.

FX17LWP-A - Supplied with a 10,000 PSI air pump.

FX17LWP-H - Supplied with a 10,000 PSI hand pump.

Dies & Spacer Rings:

The FX17 requires FX17 Series crimp dies and spacer rings.

Capacity:

1" 6-Spiral

Size: 10" W, 18" D, 18" H

Weight: Approx. 45 lbs.

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.

XT356

REUSABLE COUPLING PRESS -
SPIRAL HOSE

The XT356 includes:

Press

1 H.P. 110 V pump.

Tooling to assemble the following:

100R12 $\frac{3}{8}$ " thru 2"

100R13 $\frac{3}{4}$ " thru 1 $\frac{1}{2}$ " (2" available)

100R15 1" thru 1 $\frac{1}{2}$ " (2" available)

Features:

1 H.P. electric pump

7,500 PSI working pressure

55 ton cylinder

Press is portable or bench mount

Caution - All Flextral pumps produce 10,000 PSI. Safety and caution should always be used when operating hydraulic equipment.
